Secret London Runs'

Catherine Parr's 45 Miles the Grieving Widow
Virtual Mileage Challenge

Despite popular belief, Catherine Parr was far
from a middle-aged frump by the time she
became Henry VIII's 6th and final queen - the one
who survived.

We'll follow Catherine as she retreats from
Whitehall to Greenwich and then accompany her
to Windsor for her husband's funeral.

This challenge comes with podcasts, postcards
and a beautiful finisher's medal!
