BAG STORAGE

London is big. And your hotel might be far out. If you'd like to store any luggage near the festival locations, we've partnered up with Luggage Hero to give Secret London Runs Festivalers 2 hours of free storage.

Luggage Hero have partner bag storage facilities all over London – they're usually in small shops or booths. I've used them a number of times and have been really impressed by the service.

Use this link and it will automatically add 2 hours of free storage when you go to the checkout. Feel free to ask me any questions about it.

SHOWERS

Perhaps you won't be able to get back to your hotel/home before evening entertainment? Or maybe you've just come to London for the day and don't have access to shower facilities.

You might want to take a look at [RunFriendly](#), who have partnered up with locations around London to provide a shower-on-demand service - cost (£2-£5)

You're under absolutely no obligation to shower before any activity. We'll be happy to see you however sweaty you remain.

Extra info

HOTELS/ACCOMMODATION

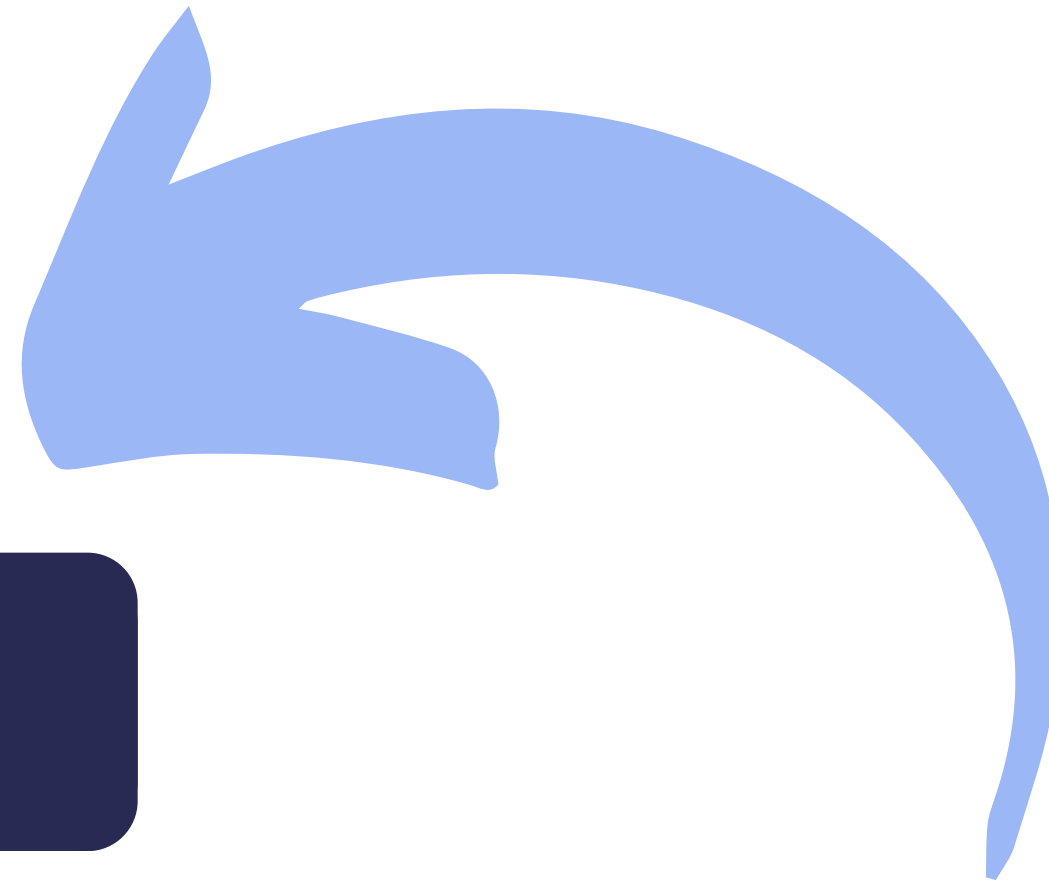

We recommend staying anywhere close to Peckham Rye. Peckham Rye Station is easily accessible by train from Blackfriars, London Bridge, or on the overground. You could also stay in Whitechapel/Aldgate which is on the overground for Peckham and close to the evening entertainment. If you're happy to spend a little time travelling at the start/end of your day feel free to stay a little further out.

Please do book your accommodation early as prices can rise.

We don't want to recommend that you stay anywhere that we haven't, but please feel free to coordinate with other festival attendees in the [Secret London Runs Connect Facebook group](#).
